Mobile December - 8 - 1921

Mrs Marie Bankhead Owen
Montgomery - Ala.

My dear Mrs Owen:

Under separate cover, I am sending you a picture of Charles Eric Bromberg, the first Mobile boy, to be killed in France. He was a private in Company A 129th Engineers. His mother, who now resides near Washington has already written you all the information you asked for, about him, and requested me to send the picture, as she did not have a copy of the one she wished published. Hoping the picture will reach you in time for your book, and the delay has not been too long -

I beg to remain
Very Respectfully
Mary B. Delchamps
