My dear Mrs Owen;

Since my son. James W. Bunch volunteered for service for his country we have made this place our home, so your communication went first to Auburn. A mistake has been made in the place of his enlistment. which was Albany instead of Auburn. His father died the first of this year. but I. (his mother) will gladly and gratefully fill in the received blank. as soon a possible. I will have to have a copy made from his photograph. which I will see to having done at once. It will be a comfort to me to know that my boys name will not be forgotten by his country.

Sincerely yours.
Mrs Maria F. Bunch
