Dear Sir:-

I am so sorry I have not been able to obtain my son's military Record which I am very anxious about before I send in the other answered

questions. I wrote to the Bureau of Information, but have had to write a second time, as the first address was sent to the wrong man. He said to get this military Record would envolve quite a bit of research; but I am sure it will get it real soon, and will send the answered questions just as soon as I get it.
