My dear Mr.Dauser:

I am in receipt of your letter of January21st asking about the photograph of your son which you sent to this Department to be used in the Gold Star Book. For lack of funds this book has not been published but I will be very glad to keep your son's photograph along with the photographs of the other boys who gave their lives for their country. This is a safe place for it and in the future it may be used. If you insist upon having it returned to you I will do that. Let me hear from you on the subject.

Very respectfully,

Director.
