October 30,1925.

My dear Mrs.Doss:

Miss Yelverton, the assistant from this office who visited the Confederate Reunion at Tuscaloosa last week hasbroyght yourrequest for the return of your son's picture. Herewith I am handing it to you.

You will understand that these pictures were brought together by us for the purpose of illustrating a proposed volume which would commemorate the deeds of these boys who made the supreme sacrifice in the World War. Few, comparatively speaking, replies have been from our records for biographical material, therefore we could not issue the volume until we had it completed. I hope that we are going to be able to some day get it out.

May I ask that you please acknowledge receipt of the return of the picture in order that we may put your letter in our files to indicate that we have sent it back to you.

With good wishes,

Very truly,

Acting Director.
