There is but very little
I can say of him while in
service for I very
could here after they
left for france he was
gone. and forever gone
he was wounded at
Baracat france died in
evacuation hospital.
he fought three battles
he was with the rainbow
division, 1.6.7. I cant
talk of that war for they
got one among the best
young men the world
afforded. his face will

live for years in my
garden of memory.
I thank you. and
wish I could tell you
more and I think it
is Sutch an honor and
I will treasure waste
higher than any thing
a history of the brave
boys that gave there
all that I might be
free. we cant do evary
in there memory.
wishing you all the
luck success in the work
with your book.
