My Dear Mrs. Owen:-

I have gotten up the data for you as best I could. when I get to thinking about my precious son who made the supreme sacrifice I get so grief stricken and heart broken that I am hardly capable of doing any thing that is sensible.

I am sending photograph of my son with the same mail in which you get this letter. a memorial Co. abused it but I hope you can get the likeness from it. please write and tell if I am too late to get the history in the State book. if I have arranged the data in an undesirable way, please rearrange and cull it.

Yours sincerely

(Mrs.) Frances Josepline Doss.
