Reports to me on the 2d day after January at the 1st Mon. I attempted to administer the oath to Henry and found that he was guilty of a violation of Article 3 of the 14th Amendment by going to the house of a late known rebel with the view of aiding and abetting the rebellion and that there appears a fair chance for his being a cause he was related to the Confederate Government and being known to be the person that helped to Expect him.
