

15 years ago
PRIVATE MALLARD P.
BROWN

whose parents have just been notified of his death which occurred October 6th. He enlisted in the Coast Artillery on July 29th and took his initial training at Ft. Morgan and wrote his parents about the last of September that he was sailing for France. Nothing further was heard from him till the message came from Washington stating that he died of pneumonia and it is presumed that he must have died on a transport ship while sailing overseas. He was the son of Mr. and Mrs. W. J. P. Brown, of Route 2, and had many friends in and near Ashland.
