Dear Mrs Owen.

At your request I am sending you a short ~~stche~~ of My Son Anthony Augustus Dauser. who died during the war.

Under seperate cover in Registered Mail I also send you one of his Photographs which however I wish to have returned to me when you get through with it as it is the only one I have left of him. The reason I am particular about its return is I have lost one allready through the American Memorial Publishing Co. they were to Publish a book similar to the one the Dpt. of Archives & History proposes to Publish. I sent them all the information they asked for & also a Photograph about 18 Months ago and sent them 6 Dollars for a Copie of the book which however I never received & the last letter I wrote to them came back to me Unclaimed

I have tried to locate them but it seems they have disapeard from the Globe of the Earth.

Wishing you success in your undertaking I am very Sincerly Yours,

Thos. Dauser.
