4121 South Park St.,
Birmingham, Ala.

My dear Mrs. Jackson,

I received your letter last month, and appreciate very much all you said of my attentions to your son in his last days among us. I assure you that I wish I could have been of more service to him and to all of you, and my prayers were offered in your bereavement.

In regard to the matter of the ring, I made enquiries immediately, when your letter came, and an investigation was made through military chanel, I was told. I hope ere this that you have had a satisfactory explanation, if not the ring itself.

With kind regards to yourself and family,

Yours very faithfully,

William T. Willis.

Chaplain, 150th. Infantry.
