O/vb

November 27, 1923.

Sir:

This is to advise that the Alabama Legislature made no provision for publishing the Gold Star Book carrying the military records of Alabama's World War dead. I have the picture and material for the sketch furnished Nov.30,1921 and will hold this material and the picture until the Legislature makes provision for publishing the book. In the meantime if this is not satisfactory I willrreturn you the picture and sketch of Herman Moore to whom you refer in your letter.

Respectfully,

Director.
